

GAME DESIGNER

Gets drawing on paper, then makes the game

Always checks to see if it is good

Makes the game with a game tester

Eats when taking a break

Designs games every time

Every time the game designer calls the game tester, the game tester will test it

See it, then calls the game tester

Is always there except when he is sick

Gets dressed first

Never does it without the game tester

Eats at home for break time

Really has fun!
