WELCOME TO THE 2022 CONFERENCE!

NCD A 2022

GLOBAL CAREER DEVELOPMENT CONFERENCE

June 27-29, 2022  Anaheim, California

.....
*Innovative Career Development Strategies
to Embrace Change:
Moving Forward with Resilience*

It is with great pleasure and gratitude to welcome you to Anaheim and the 2022 NCD A Global Conference! It is an exciting time for NCD A as we continue to grow, adapt, and remain responsive to needs of career development professionals. We are so thrilled to meet in person and bring inspirational leaders, to ensure NCD A remains at the cutting edge.

NCD A is facing many changes during a period of larger national and global shifts. The world of work has become incredibly complex. Technological and social forces are changing how work is performed, who does it, and even what work looks like. The pandemic has been a vocational magnifying glass, bringing elements of career development and work life to the forefront. This makes this conference extremely relevant. If there is a silver lining to disruption, it is having an opportunity to take a fresh look at the way we deliver career services and view the future of work with optimism, and resilience.

The theme for the conference is: *Innovative Career Development Strategies to Embrace Change: Moving Forward with Resilience*. The theme will be addressed through many unique and inventive lenses. Some of the most eminent scholars and practitioners in the field will share their knowledge, experiences, and expertise. The keynote speakers, Gregg Brown, Dr. James Moore III, and Scott Pulsipher, will strategically connect groundbreaking career development approaches to your everyday work. I anticipate that their content can be used to build on your personal and professional strengths.

This conference can also empower you to reflect on methodologies to address the future trends of work and the ability to embrace the unknown. This can ensure we give our clients and students the optimal service they deserve.

We had a fantastic number of outstanding proposals. The program is designed to be an excellent learning and meaningful networking opportunity. Your biggest challenge will be narrowing down the sessions you will attend within each time frame. In addition, we will be introducing our new NCD A Mentoring Program.

Please take the time to visit exhibitors and sponsors to add to your conference learning experience and help extend a special recognition for their generous support. You are also encouraged to download our mobile app to create a personalized conference schedule.

Enjoy the conference experience! Thank you for attending this event and being a valuable part of the NCD A community, where "Every Member Matters".

Dr. Sharon Givens, NCD A President, 2021-2022

CHICAGO, ILLINOIS

Pre-Conference June 28, 2023

**NCD A GLOBAL CAREER
DEVELOPMENT CONFERENCE**

Mark Your Calendars for the 2023 Conference!

Join me in Chicago for the 2023 NCD A conference! The theme is **Career Development Around the World: Making Connections and Increasing Access to Impact the Global Labor Market** and focus will be given to the impact career development makes internationally in a post-pandemic world. We will come together in Chicago, Illinois to connect with one another in our new normal. Chicago, much like my hometown of Baltimore, is a city known for its diversity, culture and industry.

Located on lands that were the traditional homelands of Native people, Chicago is the perfect location for us to come together and discuss the global impact of career development work, share ideas across constituency groups, and discuss ways to increase access to career resources for all people. There will be several keynote speakers to inspire, challenge and encourage you! In addition, a robust slate of general sessions, posters, and networking opportunities will be available to meet your learning needs. And, to seal the deal, I promise everyone will have the opportunity to connect with colleagues and old friends over a warm cup of coffee.

I hope you will plan to attend and I look forward to connecting with you in Chicago! My goal is that we can come together in our new normal and continue to restore what was lost over the last few years because of the pandemic. I also look forward to celebrating the work being done in career development around the world and to bring like minds together to help us forge a path forward. You don't want to miss this opportunity!
