

When I Get Bigger

When I get bigger I'll make a choice about
what I'll be when I grow up.

Maybe I can be a teacher who helps children
learn or a nurse who fixes up a really bad
burn.

Being a waitress might be fun or even a coach
who makes their players run!

Doctors, firefighters, and policemen too,
what about you, what will you do?

I know one day I'll make a choice, find my
voice, and change my world.

When I get bigger!
